2024 Program Updates

On April 2, 2024, the National Killam Program portal will open for submissions to the Killam Prizes, the Dorothy Killam Fellowships and the new Killam NRC Paul Corkum Fellowships.

The Killam NRC Paul Corkum Fellowships will:

- Support advanced study and research excellence
- Create opportunities for mid-to-late career Canadian and international scholars to collaborate with NRC researchers
- Provide opportunities for external scholars to have access to the NRC's unique infrastructure and resources, and collaborate with an NRC researcher

Serve as an expert reviewer

Expert reviewers are essential to our process which relies on external reviewers with field-specific expertise who provide consistent, fair and high-quality reviews, based on their professional experience.

Interested in being a reviewer? Register in the portal.
